

The No-Client FusionWeb Clinician Access Portal

10 Reasons to Use the Clinician Access Portal

1. Lets you and your staff access reports and images quickly and effortlessly, with “real time” information
2. Lets you access these reports and images from any computer, at any location—without the need for additional hardware, software, viewer plug-ins and without concern for IT firewalls or security policies
3. Makes your patients happier by reducing the time they wait for results
4. Reduces your overhead costs
5. Makes the workflow of your front office more efficient (and your staff happier)
6. Allows a colleague to view the report and images almost instantly in an emergency or as a secondary read
7. Gives your practice a high-tech image
8. Eliminates lost films and reports, re-faxing and couriering
9. Provides secure HIPAA-compliant access to patient information
10. Saves innumerable time, hassle and inefficiencies of paper and film
